BIG PARADE TUESDAY

Monday Night Dance at W. C. C. S. C.
—Something Doing Every Night—
Court of Honor Erected.

All is ready for the opening of the
Welcome Home Week for returned
soldiers, sailors and marines which
will be formally opened at 8.30 o'clock
tomorrow night with a special pro-
gram of exercises in Christ Church
yard.

The service planned will be in the
nature of Thanksgiving service. Special
space will be reserved for all sol-
diers and members of their family
who wear white ribbon which have
been given by the Welcome Home
Week Committee.

The services in the church yard will
be conducted by Rev. E. B. Jackson,
pastor of the First Church, assisted
by Rev. Dr. W. J. Morton, rector of
Christ P. E. Church, Rev. Dr. E. V.
Regeater, pastor of the M. E. Church
South and Rev. Dr. John Lee Allison,
pastor of the Second Presbyterian
Church and Rev. A. E. Spelman pastor
of Trinity M. E. Church.

A special program will be given in
which all of the church choirs of the
city will take part. All of the ad-
dresses which will be delivered by the
ministers will be short. The usual
morning services will be held.

The program fixed for Monday
night which will be known as Alexan-
dria Light Infantry night provides
for a dance which will be given at
8.00 o'clock in the War Camp Com-
munity Service Club.

Dance Monday Night

The Spanish American War Vet-
erans of the old Alexandria Light In-
fantry will be in charge. Some of
these men were members of that com-
mand when the Alexandria Light In-
fantry was one of the crack fancy
drill companies in the state.

A cordial invitation is extended all
soldiers, sailors and marines to at-
tend and also their sweethearts. It is
expected that the dance will be large-
ly patronized.

The reception next Saturday night
for the soldiers will be given in the
Masonic Temple and not the Opera
House as heretofore stated. All sol-
diers whether or not they are Masons
are cordially invited to attend.

Festivities Begin Monday

As heretofore stated the big car-
nival will open in full blast Monday
night and the fun making will begin
Monday and be continued every night
throughout the remainder of the week.
Each night there will be special at-
tractions for the soldiers.

Decorators are still busy in their
work and indications are that when
the affair is opened Monday there
will not be any stores on King street
that are not decorated. The mer-
chants as a whole have united on
this proposition and everyone appears
to want to out do the other in giv-
ing the returned heroes a big welcome
all through the week.

The columns for the court of honor
on Washington street have been
placed in position, and the Crown of
Victory erected at King and Washing-
ton streets.

SENATE ASKS FOR TREATY

Resolution Directed to the Secretary of State is Suddenly Adopted

Washington, June 7.—Resolutions
asking the State Department for the
text of the treaty with Germany
and directing the Foreign Relations
Committee to investigate how copies
of the unpublished document have
reached private hands in New York
were adopted by the Senate yester-
day with out a roll call.

Action on the two proposals came
unexpectedly during a lull in the
stormy debate they had aroused, and
scarcely a score of Senators were in
the chamber when, in quick suc-
cession, the resolutions were put to a
vote. The passage itself, however,
was no surprise, as it generally had
been conceded that each would have
a majority.

The request for the treaty will be
referred by State Department offi-
cials to President Wilson and Sec-
retary Lansing at Paris, and, pending
a reply, no official opinion is avail-
able here as to whether the text will
be forthcoming.

Under the investigation resolution,
introduced at the request of the
White House by Senator Hitchcock
of Nebraska, senior Democrat of
the Foreign Relations Committee,
it is expected that a far reaching
inquiry will begin within a few days.
The committee will meet Monday to
formulate plans, which may include
the summoning of members of the
American peace delegation.

BACK TO HOME AND A JOB

Never have the citizens of Alex-
andria been called upon to enact the
part they are now participating in
that of welcoming home five hundred
or more of our loyal heroic sons,
some of whom went across and
faced the foe to the extent of being
wounded, some losing eyes or limbs,
some who had not the privilege of
getting into the fight, yet they were
just as loyal and beneficial in the
world war for those who did actually
go and fight; won because they knew
that thousands of good, sturdy men
were waiting back here if the neces-
sary call went up, "More Men."
Each of these men, now returning,
gave up his daily avocation to en-
list in this cause of democracy and
not only do we want to give him the
heartiest of welcome home, yet it
stands us in hand to see that he is
established in some kind of work as
near to his liking as we can as citi-
zens who remained at home secure
for him.

For this purpose somewhat over a
year ago, the Government establish-
ed offices here and installed a local
woman at its head as an employment
bureau, and Mrs. T. C. Howard in-
forms us that an average of two
hundred applicants a week have ap-
plied to her for employment, and
these were practically all placed in
some kind of work. As a govern-
ment office it was discontinued last
March owing to a lack of funds al-
located for the purpose, but Mrs.
Howard, who realized that the office
should by all means be continued,
inasmuch as there is a steady in-
crease of applicants for employment,
did not close the office but is con-
tinuing it as a free bureau and it is
couched as one of the city's crying
needs, being well taken care of. The
office is in almost daily communica-
tion with Camp Humphreys as there
are many positions for civilians
available in the various commercial
requirements attendant on making
this camp permanent and Mrs. Howard
reports that there have been so
many men placed in work in the
camp that her cards are used and
considered as passes into the camp.
This bureau is located on the second
floor of the Post Office building and
as one of the vital features of "Home
Coming Week" the essential bene-
fits to be derived from this impor-
tant establishment should not be
overlooked. About one hundred re-
turned soldiers have registered at the
War Camp Community Service Offi-
ces in the Elks Building and it is
hoped that all who have seen service
and have been discharged will avail
themselves of this official registra-
tion and secure one of the silver
pins which will be his pass to all
War Camp Service activities.

CHILDREN'S DAY SERVICES AT M. E. CHURCH SOUTH

The M. E. Church South will hold
its annual children's day exercises at
11 o'clock tomorrow morning.

The Sunday School will meet at 11
o'clock. Seats will be reserved for
the Home Department. The congrega-
tion is invited to hear the children
preach and sing. The church will be
closed in the evening, and its mem-
bers will participate in the union
Thanksgiving exercises in Christ
Church yard at 8.30 o'clock.

100,000 STRIKE IN BERLIN, NO RIOTING

London, June 7.—Berlin is again
in the throes of a general strike. A
dispatch reaching London shortly
after noon today said that 100,000 had
gone on strike there as a protest
against the execution of Bolshevik
leader, Levine, at Munich. The dis-
patch stated that the strike started
on Friday. The workers did not wait
for the sanction of their leaders, but
walked out when the news of Levine's
execution was circulated.

In the dispatch arriving at noon it
was stated that "no blockade has
been reported yet."

Earlier in the day a dispatch from
Copenhagen had said that all com-
munication with Berlin had been cut
off.

Guards who attempted to prevent
the strike were disarmed.

STRIKE OF TELEGRAPHERS

General Walkout Will Be Ordered During Next Forty Eight Hours

Before his departure for Chicago
last night Sylvester J. Koenkamp
international president of the Com-
mercial Telegraphers Union of Amer-
ica, announced that union employ-
ees in the Washington and New York
offices of the Western Union Tele-
graph Company will be called out in
order to be issued tonight.

The time for the walk-out of the
Washington men has not been dis-
closed, but a definite time, probably
within twenty-four hours, will be set
in the strike order which will be is-
sued upon Koenkamp's arrival in
Chicago.

Nothing official was forthcoming
yesterday as to the exact date when
all union wiremen affiliated with the
Western Union will be called out, but
labor leaders in intimate touch with
the situation predicted last night
that the general walk-out will be
ordered within forty-eight hours.

WEDDING LAST NIGHT

Miss Graves Formerly of This City
Bride of Dr. W. H. Taliaferro.
The summer home of Captain Her-
bert G. Graves, of the United States
Coast and Geodetic Survey, and Mrs.
Graves, at Washington Grove, Mary-
land, was the scene of a pretty wed-
ding Friday evening, June sixth, when
their daughter, Miss Lucy Engel
Graves, became the bride of Dr. Wil-
liam H. Taliaferro, of Clarksville, Va.,
and Baltimore, Md., in the presence
of a large number of relatives and
friends. Rev. Dr. Howard G. Downes,
of Washington, D. C. officiated.

Members of the wedding party de-
scended the stairway and stood before
the old-fashioned chimney piece
which had been converted into a bridal
bower for the occasion. The bride,
upon her father's arm, was
very lovely in a soft gown of george-
line crepe and Princess lace, and car-
ried bride roses. Maid of honor was
Miss Emily B. Ellinger, of Philadel-
phia, wore pink tulle and carried
bride'smaid roses. The groom was at-
tended by Mr. Robert G. Merrick,
of Baltimore. The young sister and brother
of the bride, Miss Asenath Libby
Graves and Master Alvin Cushman
Graves, were floral attendants. A re-
ception and collation followed the
ceremony. Dr. and Mrs. Taliaferro
left for southern Virginia, where they
will spend their honeymoon. Mrs.
Taliaferro going away gown was
dark-blue silk with soft-crowned hat
of the same color.

The bride graduated with honors
from Goucher College two years ago
and the following winter taught
science and chemistry in the Alexan-
dria High School. She has been a
popular member of the more scholar-
ship circles of Washington society, be-
ing active in the work of the Col-
lege Womans Club. Dr. Taliaferro,
holds degrees from the University of
Virginia and Johns Hopkins Univer-
sity, is a member of the faculty and
engaged in research work at the lat-
ter institution. The wedding is an in-
teresting one, uniting the actions of
colonial families; Miss Graves num-
bers among her ancestors Miles Stan-
dard and Robert Cushman of Ply-
mouth Colony, and Doctor Taliaferro
descends from Col. Lawrence Talia-
ferro and Judge Paul Carrington of
Virginia Revolutionary fame.

Among the guests were Mrs. W.
H. Taliaferro, of Clarksville, Va., the
mother of the groom; Mr. Willard P.
Graves, the grandfather of the bride,
the Misses Graves and Mr. and Mrs.
F. J. Paff, of this city; Dr. Francis
M. Root, Dr. and Mrs. R. W. Hagen
and Dr. R. S. Lynch, of Johns Hop-
kins University; Miss Frances Cock-
in, of York, Pa. and Mrs. J. J.
Ellinger, of Philadelphia, Pa.

MAY WAIT TILL FALL

The Rev. Ernest M. Stires Choice of
Informal Conference as
Successor to Dr. Greer

New York, June 7.—The special
convention for electing a successor
to David H. Greer, late Bishop of
New York, will probably not be
called until fall, because of the diffi-
culty of getting the delegates to-
gether in summer and the impossi-
bility of the new bishop's being con-
secrated before autumn, anyway,
because consent must first be gained
from all the bishops and all of the
diocesan standing committees in the
United States, or from the General
Episcopal Convention, which meets
in Detroit in October. A meeting
of the standing committee of the di-
ocese of New York was held yester-
day afternoon.

The Rev. Ernest M. Stires, rector
of St. Thomas' Church, Fifth ave-
nue and Fifty-third street, is
thought of as the man most apt to
be elected, as his name received more
votes than any other at an in-
formal conference held in the parish
house of St. Bartholomew's Church
to discuss nominees.

sidered.

JAMAICA GINGER-BARRED

Augusta, Me., June 7.—Jamaica gin-
ger was declared to be an intoxicant
and its sale or possession unlawful
in an opinion handed down yester-
day by the Supreme Court.

The evidence shows that Jamaica
ginger could be and was used by or-
dinary persons as a beverage, and
in such quantities to produce intoxi-
cation, says the report. Three dif-
ferent grades, containing respec-
tively 56, 28 and 56 per cent. of al-
cohol, were in the lot seized a year
ago, on which the decision was
based.

bor unions yesterday by Superin-
tendent Woods, of the Capitol build-
ing, to conduct a parade and demon-
stration before the Capitol June 14,
in opposition to war time prohibi-
tion as applied to light wines and
beer. Organizers said 100,000 people
would assemble in the line of march,
and that delegations would be sent
here from many cities.

"WELCOME HOME JUBILEE"

Big Trained Wild Animal Show—
Feature With Famous
Broadway Shows

Plans for the big "Welcome Home
Jubilee" all next week have parti-
ally been completed, and nothing
has been overlooked, to inaugurate
the greatest joy week Alexandria
has ever experienced. One of the
main attractions for the week is the
Famous Broadway Shows. This con-
cern carries 20 attractions and over
400 people are connected with this
stupendous amusement organization.
Hudson and Clark the owners and
managers of the Famous Broadway
Shows, are among the few carnival
owners who have striven for several
years to elevate the line of attrac-
tions carried to an interesting and
entertaining standpoint. Every act
performer and attraction connected
with this company is secured with
the view to maintaining the reputa-
tion of being the most favorable or-
ganization of its kind in existence
and every attraction is guaranteed
just as represented.

There are a lot of wild animals
with the famous Broadway Shows,
and as the importation of these have
been stopped by the war, this leaves
the Broadway Shows with about the
only collection traveling with a car-
nival company, these animals are
from the best schools of Europe and
have been featured with some of the
largest shows carrying wild ani-
mals. It requires about 200 pounds
of beef each day to keep these mon-
sters alive.

There are 20 shows altogether
and concessions galore, they will ex-
hibit on the main streets of Alex-
andria every day and night all next
week. There will also be a big free
sensational high dive twice daily,
band concerts and a number of acrial
performances, in fact something
doing every minute of the day. So
tell your friends and tell them to
tell their friends to meet you on the
"glad way" in Alexandria all next
week.

volent Protective order of Elks, Sun-

WORK OF SANITATION

Doctor R. P. Sandidge and his assistants have for months been making close investigations of the sanitary condition of the city, and they are doing every thing possible to place Alexandria in as healthy state as possible. The hot weather is now upon us, and it is incumbent upon every citizen to vie with these officers by obliterating everything in the way of nuisances as well as unsightly accumulations.

A few cases of typhoid fever have been reported, but this malady which caused general alarm last summer is not so much in evidence this year. But this fact should make it important to all to resort to every means to minimize what in past years have proven to be an epidemic.

Defective drainage is a menace to any neighborhood where it is allowed to exist, as are also unsatisfactory outhouses. The law requiring persons owning property on streets upon which sewers have been constructed as well as those which about upon sewered alleys to connect their premises with the same went into effect four years ago. While many persons have complied with the ordinance, others have not. It is said that there are several hundred delinquents. All such urge excuses. Some contend that it is the fault of the plumbers who have failed to do the work. Others take issue with the authorities in one way or another, and complacently fold their arms and await the strong arm of the law.

An abundance of time has been given all delinquents to comply with the law, and the time has come for the authorities to come down to business. The work of enforcing the law has been commenced, as was shown by the proceedings of the Police Court this morning. During the next few days other delinquents will be cited before the tribunal, when fines will be imposed, as was done today. Those interested have

had four years to make their arrangements. No further delay will be tolerated.

A TIMELY SUGGESTION

A correspondent of a paper of a neighboring city says "there is no doubt that thousands in every city never brighten the church with their presence but who read newspapers, and who would listen to their pulpits. Let me say, in brief, that in my humble judgment, if you would give your readers, say, just once each week an editorial treatment of some of the thousand and one problems which vex human life, you would reach many men's hearts and in all human probability minister to minds diseased, drying many tears, banishing many years, making life's horizon brighter with the science of good cheer."

The suggestion of the writer is in order. While there is but little excuse for the many who never darken church doors, the fact remains that thousand five and die who never enter a house of worship save at marriages or funerals. The great mass of such, however, read newspapers, and should they run upon an article of a spiritual nature they are likely to read it, while they might be averse to listening to a discourse from a pulpit half an hour or forty minutes. There is no telling what good could be accomplished by a newspaper article of a spiritual trend which might be read in two or three minutes. It is a well-known fact that a cartoon is far more powerful than speeches or books. If the matter is made sufficiently plain to be grasped in an instant, the lesson intended is taught and in most cases remembered. The same may be said of a brief editorial of a spiritual nature.

Some of the larger daily papers contain the international Sunday school lesson with practical comments upon the same. These are read by most patrons.

The Gazette at one time printed such articles on Saturdays. Of late, however, advertising space has been needed, and but little can be spared for editorials at present. We hope, however, soon to be able to print articles occasionally bearing upon subjects suggested above.

TERMS TO AUSTRIA

The dismemberment of Austria-Hungary was not accomplished at Paris. It was accomplished at Prague, Budapest, and Belgrade. The Chicago Tribune in this connection says "there is something dramatic, nevertheless, in the delivery to the Austrian delegates to the peace conference of the formidable document which lays upon the pathetic residue of a once proud empire the terms of its new existence. An ancient and puissant dynasty has passed away. The people from which it sprang is now hardly more numerous than the people of Illinois. They are hedged in by new nations which have had little reason to love them. They are shut off from the sea, and unless they are permitted to ally themselves with their cousins to the north, to be a part of a new Germany, they must resign themselves to a very minor place among the nations or make a new combination with their neighbors.

"Bismarck said that if there had not been an Austro-Hungarian empire, it would have been necessary to invent one, and, though the judgment involved some factors no longer existing, its truth was founded on economic and political conditions still persisting. The union of the Austrians with the Germans has strong claims, of course, both cultural, military, and economic, but this is also true of a restoration of the former Austro-Hungarian-Slavic territories in the form of a federation. The disintegration of this region is not altogether natural and there will remain powerful reasons for some sort of a reorganization. Modern tendencies do not favor the separation of districts which possess so many mutual interests and interdependent needs. Old rancors and jealousies will play their part. The regrouping may be different, Austria

may be compelled or may prefer to be drawn into the German scheme, but certainly the highly particular arrangement of the moment will not last long."

WAR EXPENDITURES

It would be a serious blunder for the Republicans in Congress to attempt to make capital out of investigations as to heavy expenditures during the war. It may be entirely right and proper that every department of the Government's work should be thoroughly investigated from the standpoint of patriotism, in order to find out whether or not the country was robbed, and if so by whom. But this should be done entirely without regard to partisan bias.

We made many mistakes in not getting ready for the war in advance of the time we entered, and doubtless many mistakes were made during the war, but under the tremendous pressure necessary to the salvation of this country and of the world, it would have been utter folly—criminal, indeed—for the Government to have halted its operations by reason of the petty details which seem forever to cling to the red-tapeism of Government affairs. In such an emergency he does the most for the country and civilization who disregards some of these petty details of red tape and pushes ahead on the great plan for the production of ships, of munitions, and of other war supplies and for the creation of an army. No time could be lost without endangering the life of the nation. Under such circumstances the wise man was the one who stopped not to count the petty cost as to whether this factory or that could be built, at a little smaller cost, causing thereby the loss of priceless lives as against the loss of a few dollars or even perchance a few millions. The lives of our soldiers are

NOT AN ISOLATED CASE

Many Similar Cases in Alexandria and Vicinity

This Alexandria man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

H. J. Duner, policeman 310 North Columbus Street, Alexandria, says: "I have used Doan's Kidney Pills off and on for a good many years and have always had good results. Before I tried them I was troubled a great deal with pains in the small of my back, which were so bad I could hardly bend over sometimes. I had miserable headaches and dizzy spells, too. The kidney secretions passed too freely. I am glad to say that since I have used Doan's Kidney Pills I have been free from all that trouble and have felt a great deal better in every way. I am not afraid of my back hurting. I use a few of Doan's once in awhile and they keep my kidneys in fine shape."

infinitely more important than the money we expended.

To undertake to capitalize these heavy expenditures for political advancement would be a very great blunder on the part of the Republicans.

An enormous amount of work was put forth by the Government and to this was due the success on the battlefield. Mistakes there were and many of them. That there should have been mistakes at a time of such tremendous rush of work was inevitable, but no man has a right to seek to make political capital out of these mistakes.—(Manufacturers' Record, Baltimore.

BLAST LEAVES HOLE

Fort Worth, Texas, June 7.—Two men were killed, a farm house damaged and a motor truck blown to bits near Aledo yesterday when a truck loaded with nitroglycerine for the oil fields exploded. The names of the men killed are not known.

Only a great hole in the ground showed where the truck and its drivers were when the explosion occurred.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Ore., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad."

"I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all."

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by the wonderful medicine."

"The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate," said a local druggist. Dispensed by Richard Gibson and The Rexall Store.

BOMBER KNOWN

Identified as Member of Italian Band of Radicals

New York, June 7.—The anarchist blown to pieces by the bomb he had placed in front of the residence of Attorney General Palmer in Washington Monday night has been identified as a member of a group of Italian radicals, according to one of the detectives working on the case. Identification was made with this assistance of an anatomist who pieced together the recovered fragments of the man's head and face. The name of the dead man is withheld because the police are still engaged in rounding up other members of the same group who are believed to have directed most of the recent bomb outrages in the Eastern section of the country.

A prominent member of the I. W. W. who was a trusted assistant of "Big Bill" Haywood also is being sought by the police, it is reported. It is known that this man came here from the West some time ago, but since then his movements have been shrouded in mystery.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

WORLD DRY PACT

The World League Against Alcoholism was organized in Washington yesterday with world wide prohibition as its prime object. Delegates from sixteen countries signed the original pact. Permanent headquarters will be established in Washington.

Countries represented at yesterday's session are: The United States, England, Ireland, Scotland,

Canada, Australia, New Zealand, France, Belgium, Italy, Switzerland, Denmark, Sweden, Czechoslovakia, Japan and Mexico.

Ernest H. Cherrington, an editor of Wosterville, Ohio, was elected general secretary of the league, in which capacity he will serve as the executive officer. Each signatory country will be entitled to a vice president.

After the next general meeting, which probably will be held in

Washington next fall, when the league of nations also is expected to meet here, will be held three years hence. Delegates to the league will meet again today in the Capital Park Hotel to perfect the organization.

The Antisaloon League convention adjourned after passing resolutions endorsing the world campaign against alcohol and legislation for the enforcement of war time prohibition and the eighteenth amendment.

**Four Great Records**

Only a small part of the story of the unusual performance of the Overland is a matter of record. In the last few weeks, however, from Oklahoma City, Boston, and Los Angeles have come reports of remarkable tests that prove the power, endurance and dependability of Model 90 cars.

Now comes Harrisburg with a new world's record of 702.5 miles a day for 5 1/4 days without motor stop, sealed in high gear. A Model 90 stock car performed this remarkable endurance feat. Let us show you a duplicate of this car.

Maxwell

Whenever motor cars are known, you will find these three. For years they have been the leaders in their class and their popularity grows with every sale.

The Hudson Super-Six needs but very little recommendation to motorists the country over, because of its wonderful performance whenever called upon. It has been a leader of big cars for many years and is becoming more popular every day. For speed or service, the Super-Six leads all competitors in its class. It is the sign of prosperity and is a favorite with at least 50 per cent of the most successful business men of the country. Place your order for a Super-Six now.

Although but a new car, the Essex Six is gaining rapidly in prestige throughout the country and at no very distant date bids fair to lead its class, as the Hudson leads larger cars. The Essex is designed by the same engineers who built the Hudson and it is a product of the Hudson Company. The body lines are graceful and comfortable and the engine is of the same type as the Super-Six, although built on smaller scale.

And where will you find a man, woman or child who has not heard of the Maxwell car. From the time automobiles first began to be seen on the roads, the Maxwell car has been one of the best known on the market. It is a beautiful car, well equipped and fairly powerful and the price is within reach of many who could not afford higher priced machines. This trio of motor cars is without equal in the city and a demonstration will immediately convince anyone of the relative merits of each.

LEGAL NOTICES

Commonwealth of Virginia, In the Circuit Court of the City of Alexandria.

Etta Victoria Kearns, complainant, vs. John J. Kearns, defendant. In chancery. Final decree.

This cause coming on to be heard this 2nd day of May, 1919, on the bill of complaint legal process having been duly served upon the defendant, by order of publication fully matured and mailing of notice as required by law, he being a non-resident of this State as appears by affidavit filed herein, and upon the depositions of Etta Victoria Kearns, Ella Posey and Mrs. Pearl Padgett in this cause, taken before Frederick P. Russell, a Commissioner in Chancery for the Corporation Court of the City of Alexandria, Virginia, and filed in this cause on the 14th day of April, 1919, and being argued by counsel.

Upon consideration whereof the Court being of opinion that the allegations of the bill as to the wilful and voluntary desertion and abandonment for more than three years therein set out are sustained by the evidence and that the Complainant, Etta Victoria Kearns, is entitled to an absolute divorce from the bonds of matrimony from the defendant, John J. TIE-UP ON N. & W. FEARED

Dismissal of Machinists in W. Va. Starts Threat of General Strike

Roanoke, Va., June 7.—Complete tie-up of traffic on the Norfolk and Western Railway is threatened by a strike of machine shop employees, extending over nearly the entire system. The railroad administration in Washington has been notified, and unless an agreement is reached within the next 24 hours all engines and trainmen will be called out. It is learned from authoritative sources.

The strike developed Thursday in Norfolk and Western shops in West Virginia, following the dismissal of several machinists at the Wilcox shops on an insubordination charge. Immediately employees in all other shops in West Virginia walked out. Officials of the road said that the matter had been laid before the railroad administration for immediate settlement.

One of Great Heiresses of This Country Married to Capt. William Barrett, of Washington

New York, June 7.—Miss Alice Gordon Drexel, only daughter of Mr. and Mrs. John R. Drexel, of 1 East Sixty-second street, and one of the most widely known young women of society in New York, Newport and Philadelphia, was married Thursday to Capt. William Barrett, Air Force, U. S. A., not only taking their most personal friends, but her parents completely by surprise.

The romance of Miss Drexel, who is one of the great heiresses of this country, and Captain Barrett was of such recent development that Mr. and Mrs. Drexel were unaware of their attachment and members of the family confessed their utmost surprise when they were informed of the wedding some time after it had taken place.

When questioned about the marriage of her daughter, Mrs. Drexel made this statement:

"Mr. and Mrs. Drexel have not had the pleasure of meeting Captain Barrett and know nothing whatever about him. Their daughter's wedding, is therefore, both a surprise and shock to them."

Miss Drexel's secret marriage to Captain Barrett took place in New Rochelle, N. Y., at 5:30 o'clock in the afternoon, in the home of the

Rev. A. A. Bouton, pastor of the New Rochelle Methodist Episcopal Church, at 974 North Avenue, that city. They had obtained their marriage license only a short time before, and went directly to the clergyman's house from the local Marriage License Bureau. In obtaining the license Miss Drexel gave her age as 27, and that of the groom as 31.

The only witnesses of the wedding service gave their names as Stanley Edge of New York, who acted as best man for the bridegroom, and Miss Margaret Graydon of New York, who was Miss Drexel's bridesmaid. They started for New York immediately after the ceremony with the expectation of stopping for the present at the St. Regis Hotel.

INGOMAR—Wm. Russell

"Some Liar" is a five reel "Flying A" feature starring William Russell, sixth in the new series of William Russell Productions to be released through Pathe will be seen tonight at the Ingomar. The original tale by James Oliver Curwood appeared in The Green Book last October, and was immediately pounced upon as an ideal vehicle for "Big Bill." As a breezy, prevaricating salesman of cradles and coffins he flashes, dashes and smashes his way through the story, keeping everything about him in a perfect whirlwind of fun, action and romance.

RICHMOND—MARY PICKFORD

"Daddy Long Legs" in which Mary Pickford has the most appealing role of her career, again tonight at the Richmond Theatre, is one of the most celebrated stories of the past decade. It first appeared in the Ladies Home Journal, where it was hailed as the most humanly interesting serial in the history of that publication.

SHOT AFTER SEEING GIRL

Jealousy Supposed Cause of Wounding Two Men

Cambridge, Md., June 7.—On the State road, near East Newmarket Thursday night some unidentified person in ambush poured a fusillade of shot and bullets at Race Messick and Lloyd Tubman, two young men who lived near the scene of the shooting.

The two had been to call on a young woman friend of Messick and were returning home when fired on. They went back to East Newmarket, but after a few minutes again started for home.

When they reached a grove 200 yards from the place where the first firing occurred, they met an even heavier fire. A pistol bullet struck Messick in the head and four gunshots pierced his back. Tubman was shot in the face. The auto top was riddled. Grover Tubman, who lives not far from the shooting, took the wounded men to Dr. Myers at Harlock. Jealousy is supposed to have been the cause of the assault.

LUNA PARK'S CREATOR DEAD.

Famous Amusement Promoter Won And Lost Fortune

New York, June 7.—Frederick Thompson, theatrical manager, and famed throughout the country as the creator of Luna Park, Coney Island and Toyland at the San Francisco Exposition, died here early yesterday. Mr. Thompson accumulated a fortune in various amusement adventures, including the Hippodrome in this city. He lost heavily in promoting the Toyland concession at the Pan-Pacific Exposition, and only recently the merchants of Coney Island tendered him a benefit when arrangements were made for him to reenter the amusement business.

AROUND WORLD IN DAY

London, June 7.—Airplanes that will travel 800 miles an hour! Around the world in a day! These are the prophecies of Brig-

adier General Seely. A flight around the world in the latitude of London would require a speed of but 700 miles an hour. At the equator the speed would have to be 1,050 miles. Flying from east to west and starting at noon, an airman would have daylight with the sun at the meridian for the entire flight.
